BACKGROUND

Since its establishment in 1976, Turkish Cypriot Community Association (TCCA) has been at the forefront in serving Turkish Cypriots residing in the UK. As a charity, it has been providing culturally, linguistically and religiously sensitive services to Turkish and Kurdish speakers in and around London for over four decades. During the early years of the TCCA's inception, London had a well-established and steadily increasing Turkish Cypriot population, who had become fully integrated within the British work force. The establishment of this community centre in Hackney 117 Green Lanes, was an inevitable step forward to ensure that there was a culturally sensitive space for this growing community. Despite the specific Turkish-Language services, TCCA is open to all communities, hosting various classes, religious groups and services such as our health screenings to all. Events held by the TCCA are open to all who wish to attend.

In 1983 TCCA gave the Turkish Cypriot community a voice through the first UK based Turkish newspaper, Toplum Postasi. Although it is no longer in circulation, Toplum Postasi and the people who worked there are heralded as pioneers within their fields. One can find many of the Turkish-language newspapers which followed in Toplum Postasi's footsteps, in the TCCA building today.

During the late 80s TCCA initiated a highly successful Information and Advice Project and following that many other smaller one off projects such as a Toy Library and MP Surgery. During the 90s TCCA began its most successful project to date, the Homecare project, serving the needs of the most disadvantaged within our community. In the year 2000 TCCA successfully tendered and acquired its second premises 630 Green Lanes (London Borough of Haringey), and continued to work from this building. The second premises allowed TCCA the space and resources to develop new innovative needs led projects.

In the past year, TCCA has experimented with the content of its events by reaching out to a wider audience, organising events for Afro-Cypriots, young people, and historically erased groups within the community. TCCA also had a massive success with the Festival, hosting over 15,000 people – receiving nominations for the top new UK festival.

All projects, both past and present, are developed based on assessed need, which can be observed in and around the community. It is thereafter provided in partnership with TCCA member, beneficiaries, and stakeholders.

TRUSTEE'S

TCCA has been supporting our community for over 40 years. We continue to provide needs, through our self-funded internally created and externally tendered projects. These projects provide a springboard for Turkish Speaking people to either increase quality of life or gain training and support that will ultimately result in them not requiring government benefits to survive. Through recognising the developments within our own community and contact with government bodies and locally sympathetic NGO's, TCCA will in time create fresh projects and offer help in the most deprived corners of the community.

Our ambition is to improve lives for the short and long term and to contribute to the larger society that increases daily. Our full charitable objectives and breakdown are as set out in our memorandum and articles of association. Copies of these are available at the TCCA office.

We adhere to a strict governance policy for making and putting into action all decisions and spending. Our board of trustees take responsibility as a collective for the overall running and financial processes of the organisation.

We are inspected by CQC, your value, pre-viable and cache. We also adhere to PQASSO, investors in people, Investors in communities and Hackney Health.

Our trustees Meet between ten and twelve times a year. Trustees also decide strategic directions for the Association and many of the association sub committees that are appointed from time to time. Current committees include: Finance, Homecare, Membership, Events, Property and staffing.

At all times we adhere that Trustees will promise to:

- Act within their powers using the correct procedures
- Act in good faith and only in the interests of the charity
- Adequately inform themselves each other and themselves
- Take into Account all relevant factors and evidence
- Disregarded any irrelevant factors
- Manage conflicts of interest and interested parties
- Make decisions that are within the range of decisions that a reasonable trustee body would make.

CHAIR'S REPORT

Niyazi Enver

I am happy to report that over the period of this report, TCCA has advanced in terms of the services it delivers and in impact of those services. Over the past 40 years TCCA has been at the forefront of providing services the community and is now

receiving the recognition it deserves. Currently TCCA proudly provides a focal point for the Turkish Cypriot community. It has been the meeting point for many organisations, guests from Cyprus, the young, the old and everyone in between.

On behalf of the Board of Trustees I can further announce:

That once refurbishment of 117 Green Lanes, is complete that our building in Hackney will be open to the public.

That TCCA will launch a TV channel that will provide a platform for all members of our community.

That TCCA in partnership with members of The Turkish Cypriot Trust delivered a highly successful Community Festival that celebrated our heritage and culture. Over 15,000 people from our community attended and our accomplishment is still being spoken about today.

That for over 40 years we have opened our resources to all away from racism, fascism, sexism, homophobic and as a

result we are group provides a positive impact on our community.

That we have and will continue to provide a platform to celebrate our art, to showcase our heritage and debate issues affecting our community.

That we continue to provide a voice for the Turkish Cypriot community in England, and seek their approval in all that we do. It is most important to ensure that the centre represents the worth of our contributions.

On a final note, I would like to state that the community has lost two valued members who have dedicated their lives to serving the community and were instrumental in the rise of growth of TCCA. RIP Hasan Raif and Hulus Ibrahim and thank you for your many years contribution for the Turkish Cypriot community.

We are on the cusp of many bigger and better projects, and look forward delivering these initiatives.

CEO REPORT

Erim Metto JP ICFM

I as the CEO of Turkish Cypriot Community Association I am happy to report that charity continues to grow and finances remain in the black, with our turnover expected to reach £1,500,000 by April 2019. As the largest, longest serving and most successful UK based Turkish speaking charity, expectations on us remain high, amidst continued cuts, austerity, restricted funding, changing priorities within local government/health's sectors, more legislative requirements and a competitive third sector, many daunting challenges have been placed upon us to maintain our very own high standards.

Again, this year we received recognition from our peers in that we

were nominated for three separate awards CENTUS Charity of the year, Global Good Awards UK Charity shortlist and New Festival of the Year. Our accreditation for CQC has risen to Good, and we maintain our status as Beacon provider under Cache.

Our main activity remains the care of the elderly we continue to provide care to elders living in Hackney, Islington, Haringey, Enfield, Waltham Forest, Barking and Dagenham.

Our Homecare Team continues to grow in order to deal with the level of clients, we have extended our work to further include various NHS Clinical Commissioning Groups. We have carried out major renovations within the building ensuring that we offer best possible facilities possible for those seeking to hire space or use our cultural sensitive restaurant and have enlarge the scope of courses offered as part of our Cache accredited training project. In order to deliver these main services we have re-organised Homecare, Room Bookings, Training and Cyprus House with new portals being introduced and new staffing set up that has seen our staff roll call rise to 78 paid employees.

In our effort to remain as hub for the community we have welcomed more groups than ever and are pleased to report that we have provided a space for over 50 organisations, that in turn provide services ranging from theatre classes for the young

through to crochet For the elderly. We have arranged issue led discussion where topics of interest to our community such as "Symposium to consider a federal resolution for Cyprus" through to "Looking at the effects of Brexit". We continue to provide advice based services, deliver one off projects and work in close partnership with other agencies in order that we help those most in need.

We continue to work with Citation, who now advises us on health and safety and provides us with employments advocacy. Our support services have also benefited from a strong Internship program that works with ADC College, FIE and CAPA that this year has seen 18 Interns pass through the organisation. However the highlight of our year must undoubtedly be the delivery of the Turkish Cypriot Arts and Cultural Festival which we was able to deliver with six other partner organisations. The event was attended by 15,000 people and gave the wider world an insight into Turkish Cypriot arts and culture.

On a final note, I wanted to sign off by extending my gratitude to staff, who have ensured the organisation delivers, 24 hours a day 365 days a year, through to the 14 trustees who overlook the process with no financial reward and our members without whom our role in the third sector would be insignificant.

TC HOMECARE

Turkish Cypriot Homecare was established in 1993 and has continued to provide culturally, linguistically and religiously sensitive care for over 20 years. We provide care to the elderly and to people with disabilities, ensuring that individuals can continue to live in their own homes independently, and in a dignified manner whilst maintaining their safety. TC Homecare currently works within the Hackney, Islington, Haringey, Enfield, Barking, Dagenham and Waltham Forest boroughs, and has several private clients. As with previous years, we see a continuation in the need for palliative care.

Unlike other care agencies, TCCA is a registered charity, and is therefore able to re-invest any surplus into the community, including those who receive homecare. Multiple free and accessible, services and one-off events have occurred throughout the year, such as The Luncheon Club which provides a space for the elderly to gather and socialise. There is also the weekly Advice Surgery, providing services in Turkish. Events on Cancer Awareness, and free Health Screenings, presented by those in the medical profession, have happened throughout the year. The highly successful Turkish Cypriot Arts and Culture Festival, and the Afro-Cypriot History event also provided a space for the elderly to experience their culture, reminisce and socialise. Our clients have access to all these services.

Turkish Cypriot Homecare continually works hard to develop our provisions, and we continue to raise our already high standard. We are cache accredited and provide in-house, bespoke, culturally sensitive training that surpasses the Care Quality Commission standard. Our care staff complete an initial induction training before starting work, followed by an assortment of trainings such as Medication, Safe Guarding, COSHH, Challenging Behaviour, Communication, Dementia and Mental Health, Duty of Care, Equality and Diversity, Fire Safety, Fluid and Nutrition, Food Safety, Health and Safety, Infection Control, Manual Handling, Moving and Repositioning, Peg and Pump Feed, Recording Reporting and Confidentiality, Tissue Viability and Person Centre Care and Dignity. Most our carers have done QCF Level 2 or Level 3 in health and social care, and are now working towards RQF (Regulated Quality Framework). We employ approximately 70 people, with 60 of those providing hands-on care.

Turkish Cypriot Homecare works in partnership with Local Authorities, Health Authorities and Health Professionals to ensure the safety and wellbeing of all our service users. Our standard care provision is monitored by the Local Authorities we work with and is regularly inspected by the Care Quality Commission, with whom we have maintained full compliant status.

OUR LATEST CQC REPORT STATES THAT:

Staff were *“reliable”* and people *“felt safe with them.”*

People and their relatives told CQC that *“staff were caring and treated them with dignity and respect.”*

“People were supported to remain independent and their confidentiality was maintained.”

“Staff knew people’s likes, dislikes and background history.”

ROOM BOOKINGS

TCCA offers a variety of spaces for hire. With affordable rates and discounted prices for charitable events supported by TCCA we offer a central location with facilities that are hard to match. We can provide laptops, projectors, PA systems, Microphones and if required in house catering. We can also arrange children's party packages and we will be expanding in this area from November 2018 onward.

The hall has been completely repainted in October 2018 and a new white screen placed to enable projector use for meetings / seminars. Between January 2018 and April 2018 room bookings underwent a complete reorganisation to become more client focused, efficient and structured. We now have a new online booking system, a new team consisting of 7 officers responsible for management, administration and caretaking.

We have held a number of community events, hosted various officials from the UK and overseas along with many parties, baby showers, Wakes, fitness classes and conferences.

Organisations such as London Consulting LTD, Excel, Inci's Drama Classes, Haringey Choir, Kung Fu, Om Light Yoga, Haringey Councillors, Pekunluler Group and AAA Success Tutoring have supported our regular room bookings over the last 2 years.

We offer our rooms to organisations such Victim support and tax help for over 60's free of charge in order to support our local community and their requirements.

The largest room is the hall which holds a maximum of 100 people and has been used for many different events from baby showers, prayers, birthdays, engagements to meetings/ seminars.

In addition to the main hall we also have our Meeting room on the first floor which fits approx. 50 people comfortably and has been used in various different ways.

Our Reception offices provides and much smaller space and more private area, this is used by Haringey Councillors once a month all year and frequently by doctors for private examinations.

CACHE TRAINING

Engul Abdullah
Training & Assessments

This year staff training has had been revamped and we have introduced on-line training, these are short courses aimed at managers, admin staff and care staff. They are interactive with a test and certificate at the end of them. On-line training can be accessed at any time and can be saved and continued around

staff availability. For those who have no computer skills, admin staff will help them to use the computer; this in turn gives them computer skills too. We are still running in-house training and one of my aims has been to collect training materials, we now have a feeding pump, so more practical on hand training can be done with the in-house training.

We have been lucky to gain Work Development Funding again and have used it towards care staff gaining level 2 Health and Social Care diploma, congratulations to all the care staff who have worked hard to gain their diploma. This year we worked with RJS Training Services and again the feedback we got from the assessors was 'they were very impressed with the high standard of care, skills and knowledge of the care staff'. We will continue to support staff development; our aim is to have all staff with at least a level 2 diploma in health and Social care. Staff development is not just for the staff themselves but also means higher standards of care for our service users.

There has also be a few changes to the diplomas recently; the Qualifications and Credit Framework (QCF) replaced the National Qualification Framework (NQF/ NVQ) and now the Regulated Qualifications Framework (RQF) replaced the Qualifications and Credit Framework (QCF), to offer a simpler way to compare and understand qualifications. From next year, all new learners will get RQF qualifications. The change

isn't anything to worry about and will not affect learners in any significant way. In fact, it is going to help individuals and employers alike get to grips with what it takes to complete a particular qualification and how different qualifications relate to each other.

We still need to work on staff who have language barrier; we have held ESOL classes and these were very popular. In house training does include naming 'care words' in English and we are looking into holding English for work classes on a weekly bases. We will be starting the new level 2 diplomas at the start of the new year for any staff who wish to gain a diploma in Health and Social care.

HEALTH PROJECT

Dr Mek Mehmet Yesil

On the back of the Experts Patients Program, which ended in Jan 2017, The Turkish Cypriot Community Association (TCCA) was once again commissioned by Haringey Clinical Commissioning Group (CCG) and Haringey Ward Grant, to educating and empower Turkish and Kurdish speakers with the knowledge and skills required to better access health provision and how to correctly use the services that were provided, with particular attention being paid to A&E, GP services. The Health Project operated in partnership with North Middlesex Hospital, Barnet Enfield and Haringey Mental Health Trust, Whittington Hospital, Royal Marsden, Health Screen, Ali Riza Degirmenci Turkish School, a number of GP Surgeries and Pharmacists.

During the project delivery plan TCCA committed to delivering 10 day long courses

with hospitals, 12 focus discussion groups that were administered by the London School of Economics, three drop in sessions based GP registration and dialogue with Haringey CCG. TCCA found that many of Turkish Speakers within the health system were facing barriers through language and communication difficulties, in particular the elderly. To that end TCCA in partnership with other health providers is in the process of developing initiatives that focus on in particular dementia, mental health and healthy living within elders.

HOMELESS PROJECT

In December 2017 TCCA in conjunction with the Cyprus Islamic Association (CIA) provided vital support to London's homeless over the Christmas period. Donation points were set up for donation drop offs over a 2 week period. Once we had enough donations we created bags for people which included, clothes, toiletries, and food. A number of volunteers from our community collated food, clothes, toiletries and essential packs in preparation for delivery around London's homeless key locations.

The response we had from community members and local restaurants was amazing and the homeless people we met with really appreciated our help. Over 140 sleepers were fed and forty of these individuals were also provided with essential packs.

The 2018 project has now begun and we have already received a huge amount of support with articles featured in Olay newspaper and T-Vine and at least 30 volunteers have already signed up to help with distribution and sorting through all donations received. Currently we have agreed donation drop off points in Camden, Haringey, Hackney with more locations yet to confirm. We hope 2018 will be even more successful than our first project in 2017.

HEALTH SCREENING

Health Screen in partnership with Health Screen UK, has been working with TCCA since February 2017.

During the past 12 months TCCA has held four separate free health screening events, supporting health checks of 52 predominately elderly people for issues in relation to Height and weight measurements, Body Mass Index (BMI) calculation, Body fat percentage, Hydration levels, Blood glucose levels, Cholesterol levels, Analysis of nutritional status, Blood pressure, Heart Beat, Lifestyle Health Assessment and Risk of cardio disease.

At these events we were able to identify six cases where individuals were at risk of life threatening illnesses.

CYPRUS HOUSE

Cyprus House restaurant is currently open 6 days per week (Monday-Saturday) and specialises in traditional Turkish Cypriot dishes. Daily specials are made throughout the week and offer affordable freshly cooked traditional Cypriot favourites including 'Molohiya, Kelle, Borek, Bamya and Kolokas'. In addition to this they prepare kebab's including their most popular dish Seftali kebab.

Cyprus House also supports our Room hire department by catering for various different events, including Kids parties from just £5 per child, Buffet's, Meze's and kebabs / roast dishes. The feedback from all TCCA events in 2018 has been extremely positive and come highly recommended. Over 200 people enjoy Cyprus House cuisine each week at affordable prices. Currently diners can also bring their own alcoholic drinks to consume with their meal and no corkage charges apply.

Friday and Saturday night is usually reserved for Meze special, currently priced at just £25 and includes numerous hot and cold meze's followed by the favourite kebab platter. Live traditional music and dancing can be found on these days and a wonderful happy atmosphere erupts on Friday and Saturday evenings!

Between Oct 2016 through to May 2017, Cyprus House underwent major renovations, giving the restaurant a much needed face lift. The Kitchen areas was extended, new flooring throughout the restaurant, new lager toilets, doors were moved, the hall lighting all changed. This allowed us to maximise on our cooking space and increase seating capacity. The Hall had new venue curtains added to cover the walls and ceiling giving the hall an elegant makeover. We have since removed the curtains on the walls that allow for conferences / meetings to use projectors/white-screen and the hall has completely been painted in October 2018.

ELDERLY LUNCHEON CLUB

The Elderly luncheon club is a popular feature of TCCA and has been running since 2002. No booking is required and new people are always welcome. They have sole use of the back hall and play games, watch their favourite Turkish programmes or simply catch up with old/new friends along with enjoying a freshly cooked Cypriot meal.

This is a vital part of socialising for the elderly group and they look forward to meeting at least a couple of times a week. Wednesdays are typically the busiest days but they are welcome to come Tuesday and Thursdays too.

The Elderly luncheon group is supported by TCCA and Cyprus House jointly, with a specific dish made especially for the group often decided by the group to cater their individual dietary requirements. Prices will continue to remain £6 per person and the luncheon club attendees have become a part of the TCCA family and we very much enjoy speaking with them daily and hearing their stories and assisting them where possible.

Every year we host a fantastic Christmas party with entertainment, games and typically we have approx. 50 people attending. We offer this in conjunction with the elderly group held at the Turkish Cypriot Women's Project.

FREE TURKISH ADVICE SESSIONS

TCCA's Information and Advice Project's vision is to provide greater access to information and advice services in Haringey and to seek to influence the development of social policies and services, both locally and nationally.

The object of this project is to support and provide the Turkish Speaking Community members to cope with impending changes, improve their ability to access benefits and appropriate services and also to contribute to the vision of an integrated and cohesive community by helping people to know their rights and responsibilities, have a shared future vision and a sense of belonging alongside recognition of

diversity and building strong and positive relationship between people from different backgrounds.

The project provides regular support on welfare benefits, housing, health, education, and employment, social services through advice, referrals and supporting access to mainstream services.

The project provides FREE Information and Advice Surgery services every Thursday on first come basis.

THE OUTCOME OF INFORMATION AND ADVICE PROJECT FOR 2017

Number of people used the service:	364
Number of cases dealt with:	987
Number of surgeries held:	46
Average no of people per surgery:	7.91
Average cases dealt with per day:	21.46

FREE LEGAL ADVICE

Alongside, our Information and Advice we also provide free bi-lingual legal advice sessions to members of our community. The aim is that members of the community will have opportunity to gain access to justice and are informed with regards legal status of situations. Over the recent past this advice has been in the form of ad-hoc advice with sessions booked when and as needed at TCCA. Since the last report we have provided 22 separate sessions.

TCCA has plans to change the mechanism for offering legal advice in that we will be looking at utilising varied legal practices each with their own expertise, this will be run on rota basis with each firm offering sessional advice once every two weeks for a period of two months before the baton is handed to an alternate firm.

TURKISH CYPRIOT CULTURAL

In 2018 we had our first Turkish Cypriot Arts & Culture Festival. The expectations were exceeded, over 15,000 people attended and the feedback was wonderful. People came from all over the UK to attend and it was advertised on social media, in newspapers, promotional video clips featuring traditional davul & zurna, word of mouth and TV interviews.

The 6 groups responsible for organising the festival were the Turkish Football Federation, Turkish Cypriot Community Association, London Turkish Masters, Turkish Cypriot Society, Cypriot Artists Platform and The Sheikh Nazim Mosque. Collectively the festival was arranged and together with the help of over 40 volunteers, was successfully finalised. Festivals are of special significance for all especially our younger generation, they help ground them in their heritage cultures, customs and traditions.

The atmosphere was wonderful, bringing the community together and had the feeling of being in Cyprus with the hot weather and Traditional Cypriot food.

The music was provided by established groups including; Kibris Dortlusu, Grup Abone & Dogan Akin, Grup Frekans and DJ Sid. We were also lucky to watch Lefkosa Folklor Dernegi, Londra Turk Folklor and Osman Balikcioglu showcased a wonderful comedy sketch in Turkish which had the audience in stitches!

The availability of food was extremely varied and fresh due and the committee working hard to minimise repetition and limit what each stall holder could sell, this was a difficult but worthy task.

Nearly all traditional Cypriot flavours were available including the usual shish kebabs, sheftali, makarina Bulli (boiled chicken and pasta), Cypriot homemade pastries, cakes, corn on the cob along with 2 ice cream vans to help keep cool on such a wonderful sunny day! Children were entertained with fairground rides, bouncy castles, donkey rides and plenty of open space to enjoy within the grounds of the Lea Valley Athletics centre.

For our first attempt at organising a festival all groups involved were very satisfied this was a successful turnout and the areas for improvement are noted for 2019's planned 3 day event.

“This festival proved outstanding, it has brought many members of the community and given the outside world a taste of our food, culture and heritage” Osman Hasan Facebook

CANCER AWARENESS EVENTS

MACMILLAN COFFEE MORNING EVENT

On the 28th September 2018 we held our first Macmillan Coffee Morning Event. Macmillan Charity work very hard to give support to people from diagnosis to treatment and beyond. We held this event as Cancer affects many people and their families and to raise awareness. We had a fantastic response from our community, over 70 people attended this event from advertising on social media and word of mouth. We raised an amazing £700 for Macmillan Charity. We had many organisations donate raffle prizes including personal training sessions, restaurant vouchers, acting classes, for the raffle that was held on the day. The proceeds went to Macmillan Cancer Support and this will be an annual event.

DR TEOMAN SIRRI CANCER AWARENESS EVENT

On the 21st October 2018 TCCA in partnership with London Angels Cancer Association held a free Cancer awareness event with guest speaker Dr Teoman Sirri MBE. Renowned for his cancer work, Doctor Sirri delivered an educational session about Cancer in Turkish and specifically covered breast cancer. Dr Teoman explained what to look out for with different kinds of

Cancer and demonstrated breast cancer check and the emphasis on early diagnosis was clear. We had an amazing turnout of 100 people Cyprus house with London Angels Cancer Association provided free snacks & hot drinks. On the day attendees were able to collect a number of publications taken from the Macmillan Cancer Support and Cancer Support UK website.

SYMPOSIUM 2018

An inaugural event for the TCCA is an International Symposium. This event was conceptualised to be a place where Turkish Cypriot Community-Leaders can gather together from across the world and discuss issues of concern to Turkish Cypriots living abroad. The Symposium will be an annual event. This year, despite the short notice, there was a high turnout and the event hosted a variety of professionals.

The Symposium was held over two days, the first day consisting of sub-groups forming, each discussing separate issues surrounding politics, education, youth and the arts. Other significant issues discussed on the day were that of the compulsory military service, preserving history and archiving. The second day was dedicated to relaying these conversations in a condensed manner and receiving feedback from both the sub-groups and the audience. The main session was dedicated to a discussion considering a federal resolution for the Cyprus problem, with guest speaker Niyazi Kizilyurek. Following the event, a vote was taken and the vast majority of the audience voted in favour of a federal solution, highlighting a desire for Turkish Cypriots in the diaspora to remain engaged with the Cyprus-problem and their particular political leanings.

All that was discussed during the event was provided as feedback and given to all necessary bodies both in the UK and abroad.

INTERNSHIP PROGRAMS

TCCA works closely with three internship providers in being able to deliver an International Internship Program, these being FIE, CAPA and ADC. Within the program we provide a 3 month placement for students travelling from USA, Canada, Japan, Poland, Germany, and Romania. The study program involves students being placed with TCCA for 20 hours per week, where they deal directly with project type work, such as reviewing policies, filming events, formulating web approach to dealing with clients etc.

Since 2017 TCCA has supported 11 interns within the program.

“It was a great learning experience” Dylan Russell

HARINGEY COUNCILLORS MONTHLY WARD SURGERY

Councillor Zena Brabazon holds a surgery on the first Saturday of every month. This has proven extremely useful for people to come and talk directly to a local Haringey councillor with regard to any issue. We provide a private confidential space to talk freely on a one to one basis about issues you need addressing and we have worked productively with Councillor Zena Brabazon in relation to many problems raised.

HARINGEY COMMUNITY POLICE & HATE CRIME

TCCA held a hate crime awareness event during national hate crime week on 18th October 2018. We addressed many aspects of hate crime including; what is hate crime, Why it is important to report hate crime and what happens next and Haringey's commitment to investigating Hate Crime. June Alison Durant – Hate Crime Liaison Officer Wood Green Police Station stated *"During National Hate Crime Awareness Week we were welcomed by the Staff and Patrons of TCCA who helped us to spread the message of Tolerance and Respect within our Turkish Communities in Haringey. Thank you very much to all of the TCCA Staff and Patrons for welcoming us and we look forward to working alongside you in the future"*

FREE TAX ADVICE SESSIONS

TURKISH CYPRIOT COMMUNITY AWARDS

This year Turkish Cypriot Community Association launched the first Turkish Cypriot Community Awards, these awards aim to recognise sustained contribution within the Turkish Cypriot not for profit sector. Awards are due to be given within the following categories; Young Community Achiever Award, Community Achievement Award (Male), Community Achievement Award (Female), Charity of the year, Overseas Charity of the year, Life time achievement Award, and Special Recognition for those of our community have passed.

The process for the awards being made are under two clear stages, these being;

Stage 1: Nominations made by not for profit Turkish Cypriot organisations.

Stage 2: Online ballot on the basis of one person one vote.

At the time of the Annual Report, the awards process was still underway.

TCCA POETRY EVENTS

CELEBRATION OF 50 YEARS TURKISH CYPRIOT POETRY

On 15th March 2018 TCCA hosted a Turkish Cypriot Poetry event, with Yaşar İsmailoğlu celebrating 50 years of Poetry. This was a free event where traditional Cypriot snacks were given out alongside readings taken from Yaşar Bey's many poetry books with calming Violin played in the background by Mohammed. It was an emotional evening of reflection and revelations about his past and how he came to write some of his most memorable poems. Poems were read by Yaşar Bey, Ertanç Hidayettin & Nafiya Horozoğlu.

BOOK LAUNCH EVENTS

TCCA has supported many book launches for writers within the community, one such book launch was that of Ayca Saraçoğlu. Ayca met with book lovers here at TCCA on 21st June 2018 to launch her new poem book 'a book in my arms'. The book consists over 40 poems and some were translated into English by Yaşar İsmailoğlu. On the day Ayca was signing her book and thanked everyone for sharing her excitement.

TCCA also hosted Yaşar İsmailoğlu book launches and we were extremely humbled to have hosted both of these events and continue to support other members in our community with book launches and similar events.

AFRO TURKISH CYPRIOT EVENT

On Friday 2nd November 2018, the TCCA organised a discussion in conjunction with the Afro-Cypriot Group. The discussion centred around Afro-Cypriots and their history and was chaired by Ertanç Hidayettin with the main speaker Serap Kanay. This event allowed us an opportunity to see an assortment of archive images of Afro-Cypriots and to learn from the work and research that Serap Kanay has undertaken. It was a highly successful turnout, following Black History Month, and we look forward to facilitating more events on Afro-Cypriot histories in the future. This was the first official event held for Afro-Cypriots within the community.

COUNCILLORS & MP EVENTS

CELEBRATION OF TURKISH SPEAKING COUNCILLORS ELECTED MAY 2018

TCCA invited all London based Turkish Speaking Councillors that were elected in 2018, to celebrate their success and to introduce TCCA and congratulate on being elected. Councillors from Enfield, Haringey, Bexley, Hackney, Lambeth and Waltham Forest all attended. Catherine West MP for Hornsey & Wood Green was also in attendance. It was a successful event and a wonderful chance to meet and discuss various issues with so many Councillors all in one room.

SEMINARS

Over the past 12 months TCCA has hosted numerous debates that relate to members of our community. We have over this period hosted Recognition events for Hulus Ibrahim, Aycan Saracoglu, and Yashar Ismailoglu for their many years of contribution to the community.

We have hosted a question and answer event that considers the ramification post Brexit for those of our members holding a Cyprus Passport, we have worked with organised discussions related to Islam in the Cypriot community, we have showcased films such as

“Airport for Sale” followed by discussions on the Cyprus Issue, we have welcomed diplomats for Northern Cyprus, Azerbaijan and Turkey in order that issues of concern to our community are relayed to community leaders abroad.

MP EVENT

TCCA has always been at the forefront of Turkish Cypriot issues and has worked hard placing these on agenda's when meeting with Key MP's, including Joan Ryan, Kate Osamor, David Lammy and Catherine West. Over the last 18 months we have hosted various meetings and events with these key MP's along with local councillors.

More importantly, they are dedicated to making sure our students receive effective information, advice, guidance and support to assist them in reaching their education and career goals.

ACCOUNTS

Mirza Shipkoyle
Accountant

Over the past few years TCCA has undergone substantive changes in relation to the care side of its work, in the main changes relating to ensuring carers are paid for time taken to be trained and are reimbursed for travel time. In addition TCCA, has allocated substantive funds for building renovations, the majority of these costs have been capitalised. Despite all these challenges we have been able to register an end of year surplus. Due to the resignation of our previous auditors we have

had to change the organisations Auditors and have now moved our services to Altan and Co. We are improving the foundations of the charity in order that we are equipped to deal with ever need for the community and our planned activities for 2018-19. On a final note we have also been on a drive to reduce costs in relation to running our charity and have been working on reducing our outstanding debts for both private and council funded clients.

No transitional adjustments were required in the retained funds or income or expenditure for the year.

2019 TCCA FUTURE EVENTS

INTERNATIONAL SYMPOSIUM 2019

In the next year, we plan on organising our second International Symposium for Turkish Cypriots in the diaspora to discuss and be involved in Cyprus issues. The intent of this event will be to expand on this year's event. Sub-groups will be encouraged to form in separate organisations to ensure that specific subjects such as a federal resolution, military service, women's rights, LGBT rights and a range of other politics, arts and culture are explored in depth. There will then be a main symposium where these sub-groups and others come together to discuss and debate, to create a voice for the Turkish-Cypriot diaspora and their involvement in Cyprus politics.

2019 TURKISH CYPRIOT WEEKEND FESTIVAL

Our 2019 Festival is planned as a 3 day Weekend festival. This will kick off on a Friday afternoon until Sunday evening. This year's festival was a great success, the atmosphere was fantastic, the food was excellent and the music was great and we hope to expand on this success further in our plans for a 3 day event.

Festivals within our Turkish Cypriot community are very important, they remind us of our culture, arts, customs and traditions. The younger generation get inspired by such events as it gives them the opportunity to learn about their roots. All income from this will be channelled into the "Turkish Cypriot Trust UK" and will be solely used for charitable purposes.

117 GREEN LANES RENOVATIONS

Following investment into our Cyprus House restaurant between 2017-18, TCCA has now turned its eye to renovations of 117 Green Lanes, the building has remained partly used for the past five years. However TCCA is now moving to renovation of the upper levels into flats, which will give the organisation additional funds. The basement will be used for storage and ground floor for much for TCCA projects, including the proposed TV Studio.

SOCIAL MEDIA

Within the next year we plan on expanding our approach to social media. With the way in which the world is currently changing, we recognise that the TCCA must also adapt. Throughout the past four decades, we have changed with the times and yet again, we hope to update our connection with the community by revamping our Instagram, Twitter and Facebook pages.

HERITAGE PROJECT

The Heritage Project is currently in the research and development stage. This endeavour will be the largest of its kind, attempting to document, archive, preserve and exhibit photographs of people from all corners of the Turkish-Cypriot community. With the involvement of many organisations, and the endorsement of many key figures within the community, we look forward to working on this historic project. The last heritage project resulted in an exhibition, film and book – which is still celebrated today. We are hopeful that this time around it will be on an even larger scale and can represent the entirety of the community.

DEDICATED DAY PROJECTS

TCCA is a centre for all members of our community and as such we have been working on a concept called DEDICATED. This means that activities on a certain day are dedicated to a segment of our community. At the moment we are considering allocating days to for women, the young, the elderly, those interested in the arts and those interested in physical activities. We hope that this will in place by March 2019

TV STATION

TCCA is leading an initiative that will within months lead to the launch of new community TV station. The focus of the channel will be to create a platform for Turkish Cypriots living outside of Cyprus to debate issues for the wider audience. We are keen that this platform remains away from political influence and remains unbiased. We expect the TV channel to be launched by spring 2019

WHAT PEOPLE SAY

JEREMY CORBYN

Leader of the Labour Party

“Congratulations on another successful year”

FARUK ESKIOGLU

Journalist / Writer

“The Apple of the Turkish Cypriot Societies Eye”

The Turkish Cypriot Community Association is an established institution which has been serving the community for 41 years. I, as a veteran journalist who has also been serving society for 41 years, can easily say that the TCCA has continually provided services throughout its time. The Centre protects Turkish-Cypriot culture, whilst also ensuring people within the community can integrate and be productive members of society. It is clear from meetings that TCCA attempts to inform and include Turkish Cypriots in finding solutions to social problems in the United Kingdom. The TCCA's work covers all segments of the Turkish-speaking community and deserves continued support from the government and community.”

ARIFE RETVAN

Limasollular Dernegi UK

“TCCA is known within the community as a comfortable and safe organisation. We, as the Limasollular Derneği, use this centre with peace of mind and we are happy to welcome both our members and our guests here when hosting events. Our wish is to grow its capacity and to reach a wider audience. We would like to thank the manager and friendly staff for their support and kindness.”

OLAY GAZETESI

“Beautiful events, and great work with the elderly. Look forward to more events and more growth.”

IBRAHIM DOGUS

Founder / Director of the Centre for Turkey Studies and Development (CTSD) and Labour Councillor Westminster

“TCCA is doing an amazing job in bridging the gap between the Turkish communities and the British mainstream community”

“**Congratulations
on another
successful year**”
